

MATCHING GIFT COMPANIES

Some corporations and organizations match charitable contributions their employees make, thereby doubling the impact of philanthropic dollars for the nonprofit recipient. The following is a list of some regional employers that have matched gifts in the past. Individuals should check with their Human Resources Office to confirm whether or not they are eligible for this benefit and the guidelines of each matching gift program. Please contact your corporation for more information.

If you learn that one of the companies on this list no longer offers matching for Selwyn Elementary, please contact the PTA Audit Committee Chair, Melissa Poovey, so the list can be updated. Also, please be sure to select Selwyn Elementary PTA as the matching gift recipient when submitting a matching request.
